PLANTING
AND
GROWING
HEALTHY
CHURCHES
IN CANADA

Canada needs churches that will clearly and courageously proclaim the gospel, for it is the power of God for salvation

A Conference to encourage and equip leaders of new and young churches

It matters how we build.

The Apostle Paul writes, "No one can lay a foundation other than that which is laid, which is Jesus Christ." (1 Corinthians 3:11)

The Anglican Church in North America's Canadian partners are committed to planting viable churches from sea to sea to sea. It is our conviction that robust, vibrant, maturing congregations must attend to classic biblical foundations.

Plant & Grow conferences are for you if you are involved in a new or established church plant, are a lay leader, warden, parish council member or simply interested in church planting.

Plant & Grow conferences include sessions on:

- the gospel, clearly understood and articulated
- evangelism, not just as a program but an ethos
- training, not simply for replacement but growth
- discipleship, with the goal of maturity in Christ
- church planting, from theology to practice

Join us for a local one day conference with sessions and workshops led by people 'in the trenches'. The sessions are biblically and theologically based, and are designed to equip church leaders (both lay and clergy) with thoughtful and practical ideas for use in their congregations.

Plant & Grow New Brunswick

Saturday, May 28, 2011
Moncton Wesleyan Church
945 St. George Street
Moncton, NB
