

“Building on the Solid Rock”

Anglican Network in Canada national conference

The Network is holding a national conference to outline options for Canadian Anglicans who believe that the Anglican Church of Canada has abandoned traditional, biblical Anglican teaching and is “walking apart” from the vast majority in the global Anglican Communion.

This conference is intended primarily for Network members, but is open to those who share our concerns and wish to gain a better understanding of developments in Canada and in the Communion.

Date: **November 22-23, 2007**

Location: CrossRoads Christian Conference Center, **Burlington, ON**
